The Humanitarian Award

The Foundation for Global Sports Development strives to be leader in the sports community by delivering and supporting initiatives that promote fair play, education, and the physical and developmental benefits of sports for youth around the world.

GSD has always been dedicated to promoting a positive culture of sport. The foundation is rooted in advocating for athletes who were unjustly accused of doping, while also highlighting the very real and pervasive problem of doping in sport.

The foundation expanded its efforts to focus on prevention by creating and supporting programs that education children and young athletes across the world on the benefits of drug-free sport. These programs also teach the shared values of GSD, including:

TEAMWORK

EDUCATION

INTEGRITY

SPORTSMANSHIP

AGILITY
